Crystal gave me just the hair cut I asked for. She was great.

Bought this for my mother, and she said it was a wonderful experience and this is the first time she has liked her hair cut, and the first person to cut it like she wants (she's very picky) - she couldn't be happier!

I would recommend Glow Salon to anyone. The atmosphere is amazing, and the work is by far top notch. With my experience in the industry I tend to be very picky about my hair, but this has been the first place where I not only receive exceptional service, but I also leave there with a new self confidence. Glow Salon is amazing!

What an amazing job! I have been to so many places and most just do not get my hair right. The first time at Glow Salon, she nailed it! I know where I am going for now on!
